## DEMOCRACY VS. CENTRALIZATION

BRYAN BEFORE THE JEFFERSON CLUB

The Distinguished Nebraskan the Guest of Honor Previous to His Tour of the World—A Notable Occasion.

Chicago, Sept. 12.—William J. Bryan, soon to leave for a tour of the world, was the recipient of a notable testimonial of esteem at a banquet given in his honor by the Jefferson club. Covers were laid for 300 guests and among those present were many leading Democrats. The first speaker was Congressman Rainey, of Illinois, who spoke of "Our Obligations as a World Power at Home and Abroad."

Major Dunne spoke on "The Progress of Municipal Ownership," at the same time referring to Bryan in words of high praise.

Ollie M. James, of Kentucky, brought out round after round of applause by an eulogy of Bryan and plea for Democratic harmony, with which he closed a speech in which he declared that Bryan had long ago declared in favor of crushing the trusts, reforming the tariff and bringing to arbitration all international disputes.

In a brief address Judge J. B. Tarvin, of Covington, Ky., declared for Bryan as the standard-bearer of the Democracy in 1908.

When Bryan rose to speak he was greeted with an enthusiastic demonstration and it was some minutes before the applause subsided sufficiently for him to proceed. Bryan, in responding to the toast "Democracy versus Centralization," said that "there are two forces constantly at work in every nation, one tending to bring the government nearer the people, and the other tending to carry the government from the people." This tendency to remove authority from the locality to a center farther away he described as centralization. Just now he said public attention is being directed to encroachments of great corporations upon the rights of the people and the discussion of remedies reveals the fact that among those who really desire to effectively restrain corporations there are two distinct elements—those who desire to enlarge the scope of the federal government and those who desire to preserve the integrity and authority of the several states. This he considered as likely to the rock upon which honest reformers will split unless there is a clear understanding of the situation.

Bryan entered upon a lengthy explanation of the differences between Jeffersonian Democrats and advocates of centralization. The former would insist upon constitutional division of the powers of the federal and state governments, neither encroaching upon the other. Advocates of centralization distrust the people, favor obliteration of state lines and would remove the government from control of the voters.

Bryan opposed national control of life insurance and national charters to large corporations. He would control trusts by means of a license similar to the license controlling the liquor traffic, so that trusts which under government regulation would still be amenable to state laws.

In conclusion he said: "It should be the purpose of the Democratic party and its constant effort to bring the government into harmony with those who live under it and to make it reflect more and more their intelligence, virtue and patriotism. In proportion as the Democratic party trusts the people and protects them, it will win the confidence and support of the people, and no one can doubt the final triumph of such a party without doubting the conservatism and growth of the principles of free government."

Referring to the suggestions of other speakers that he should be the next Democratic candidate for the presidency, Bryan declared that he is not now a candidate for any office; that he never said he would never again be a candidate for office, but that the talk of candidacy does not affect him as it once did. "I trust that before the time comes to name the man for the next presidential race," he said, "light may be thrown upon our party's pathway and that a man may be chosen who will be best able to do for the party more than I have been able to do."

OFFICERS CHOSEN.  
Portland, Ore., Sept. 12.—The concatenated order of the Hoo Hoo to day concluded a three days convention after electing the following officers: Shark Robert D. Inman of Portland; senior Hoo Hoo, A. C. Ramsey of St. Louis; junior, George V. Dente of Illinois; secretary, James H. Baird of Tennessee.

DUTIES REMOVED.  
Washington, Sept. 12.—A copy of the Russian ukase was presented by Witte to the president, removing discriminating duties on American imports, which grew out of the imposition of the countervailing duty on Russian sugar by the American government has been received at the state department. The document removed discriminating duties on nearly everything on which a maximum tariff had been levied by Russians.

## WITHDRAW FOR OFFICE

Republican Nominees in Pennsylvania Decline to be Candidates.

Philadelphia, Sept. 12.—Chairman Mills, of the Republican state committee, to day received letters from Republican organization candidates for county offices to be voted for at the November election, withdrawing from the ticket. A special meeting of the Republican city campaign committee will be held to fill the vacancy caused by the withdrawals. The withdrawing candidates were nominated by the regular Republican convention held some time previous to Mayor Weaver's break with the organization. Since then a committee of twenty-five citizens have endeavored to secure the nomination of an entire new ticket for the purpose of securing reform within the party.

RUSSIANS SAIL FOR HOME.  
New York, Sept. 12.—The Russian commissioners who successfully concluded the treaty of peace with envoys of Japan at Portsmouth, sailed to day on the steamer Kaiser Wilhelm II enroute for St. Petersburg.

SPEAKER CANNON'S CONDITION.  
Omaha, Sept. 12.—Speaker Joseph Cannon, who has been spending a week in Nebraska, left here to day for his home in Danville. He has been confined the past few days to a hotel with an attack of la grippe, but says he has quite recovered.

KILLED BY HIS PUPIL.  
Athens, Tenn., Sept. 12.—Prof. Albert Watchenberger was cut to death to day by Ernest Powers, a pupil in his school. Watchenberger had attempted to chastise the boy.

CHOLERA REPORT.  
Berlin, Sept. 12.—The official bulletin to day announced eight new cases of cholera and three deaths to day, making a total of 166 cases and 61 deaths.

ROCKEFELLER NEEDS MONEY.  
Pittsburg, Sept. 12.—The Standard Oil company to day advanced the price of all grades of crude oil two cents.

HONORED BY RUSSIAN EMPEROR.  
New York, Sept. 12.—Charles J. Murphy, formerly foreign agent of the United States department of agriculture, yesterday received from Emperor Nicholas the decoration of the order of St. Stanislaus. This honor, which has rarely been conferred on an American citizen, was given in recognition of his services in behalf of Russia's peasants during the famine of 1891. Murphy formerly resided in Iowa.

USED A RAZOR.  
Cincinnati, Sept. 12.—While his wife sat by his bedside, Eulass Morgan, a rich farmer living near Corinth, Ky., suddenly seized a razor and cut her throat. Almost immediately Morgan drew the razor across his own throat. Physicians say it is impossible for either to recover.

STEAM COOKER EXPLODES.  
Des Moines, Sept. 12.—As the result of the explosion of a steam cooker in the plant of the Gillman Canning company at Gillman, four men were injured, one of whom may die. The injured: Edward Davis, may die; James Crowe, Elmer Clark, Andrew Baker. The cause of the explosion is at yet unknown.

SECRETARY WILSON AT FAIR.  
Huron, S. D., Sept. 12.—Secretary of Agriculture Wilson addressed an immense crowd at the state fair this afternoon. Governor Elrod also made a brief talk in dedicating the grounds and buildings for state fair purposes.

CATHOLIC SOCIETIES TO MERGE.  
Cincinnati, Sept. 12.—A world federation of Catholic societies is the hope of the future for the American Federation of Catholic societies. After six hours discussion the national board of American Federation of Catholic societies to day adopted a plan for including in the work of the American society the Volksverein idea which was favored by Pope Pius X in a recent letter. The immediate result will be the presentation of this plan to the next meeting of the society, and if it is adopted every Catholic in the United States can become a member of the American Federation of Catholic societies. The American Federation of Catholic societies is now in communication with similar federations in Italy, Germany, France and other foreign countries and a world federation of Catholic societies may be a future possibility.

FEET SWOLLEN TO IM-MENSE SIZE.  
"I had kidney trouble so bad that I could not work," says J. T. Cox, of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure, which made me a well man of me." Sold by J. A. Obermeyer, City Drug Store.

Avoid serious results of kidney or bladder disorder by taking Foley's Kidney Cure. Sold by J. A. Obermeyer, City Drug Store.

## AT THE BOTTOM OF THE SEA

ADMIRAL TOGO'S SHIP GOES DOWN.

Famous War Vessel Takes Fire—Magazine Explodes—Nearly Every One on Board Lost—Gloom at Tokio.

Tokio, Sept. 12.—Admiral Togo's flag ship is at the bottom of the sea of Japan with 599 officers and men, almost the entire crew of the famous warship which bore the brunt of the naval battles with Russia.

The vessel caught fire and sank. Nearly every man on board, including detachments from other war ships which went to the rescue of the Mikasa, was lost.

The flames originated from a mysterious source Sunday at midnight. Before the fire could be checked it reached the after magazine, which exploded, blowing a great hole in the port side of the ship below the water line. The Mikasa went down immediately.

Admiral Togo was not on board the ship at the time of the fire. The disaster has cast a gloom everywhere. The ship was at anchor in Sasebo harbor when the fire started at the base of the main shaft at midnight. It spread with great rapidity, exploding the after magazine an hour after the fire had been discovered. The Mikasa sank in shallow water and it is believed can be repaired. Rescuing parties were sent from various warships in the harbor and it is believed there was heavy casualties among them. Various conjectures are current as to the cause of the fire. Some attribute it to an overcharge of electricity.

THE DISASTER.  
Sasebo, Sept. 12.—Admiral Togo's flagship, the Mikasa, was destroyed by fire and the explosion of the magazine early Monday morning while lying at anchor in this harbor. Hundreds of lives, including members of her crew and men from other ships who went to the rescue, were lost. Shortly after midnight a terrific explosion accompanied by a severe shock aroused the people who assembled on the coast only to discover that a terrible disaster had overtaken the Mikasa, Togo's flagship. Words are powerless to describe the sorrow attending the catastrophe. The absence of Togo from the ship at the time of the explosion and the hope that the vessel can be repaired are the only redeeming features of the calamity.

HAD MANY VICTIMS

Chicago's Record of Crime, Labor Troubles and Accidents.

Chicago, Sept. 12.—Chicago's streets were like a "bloody battle field" during the first six months of the year, according to the figures of the city statistician. Statistics for the six months ending with June show that 643 persons in Chicago met unnatural deaths and 4,093 were injured. Accident caused the death of 362 persons and injury to 3,716, the casualties being more than six times the number for the corresponding period last year, when the killed numbered 63 and the injured 553. Eighty-one persons met death and 995 were injured through personal violence. This is an increase of 50 per cent over last year's figures for the same cause. There were 45 killed and 390 injured. The increase of casualties from personal violence is attributed to strikes.

There were 5,502 charges of violence as against 5,434 last year. 37 persons being charged with assault with deadly weapons. In addition to the deaths by personal violence and accident, 210 persons killed themselves.

NOT ACCOUNTED FOR.  
Shell Lake, Wis., Sept. 12.—M.E. Schooner, postmaster at May, Burnett county, is missing. The cause of his disappearance is not known. It is reported that Schooner went fishing and was killed by an explosion of dynamite which he carried with him to use in fishing. Others declare he is still alive.

FEVER REPORT

New Orleans, Sept. 12.—Report up to 6 New cases, 49. Total cases to date, 2,370. Deaths to day, 3. Total deaths to date, 319. Though the death list did not remain clear to day the local fever situation presents an unusual favorable aspect, with the authorities more concerned over conditions in the country than here. Conditions in the country, while undoubtedly showing signs of improvement in some sections, are not altogether encouraging.

## A HOLY WAR

Proclaimed in the Caucasus—Tartars Massacring Men, Women and Children

St. Petersburg, Sept. 12.—A holy war has been proclaimed in the Caucasian districts of Zanguezar and Jibrail, where Tartars are massacring Armenians without distinction of sex or age. The country is swarming with bands of Tartars under the leadership of their chiefs. Many thousands of Tartar horsemen have crossed the Russo-Russian frontier and joined the insurgents in destroying Armenian villages. At the village of Min-kond 300 Armenians were slaughtered. Dispatches say mutilated children were thrown to dogs and that the few survivors were forced to embrace Islamism in order to save their lives.

Tiflis, Sept. 12.—Thirty social democrats were killed and seventy wounded to day in a conflict with Cossacks at the town hall. Many were trampled to death in the subsequent panic.

The latest advices from Baku say fighting continues in the outskirts of the "black town" quarter and that rioters are committing acts of incendiarism and plunder at Balakhan. Many factories in Volga province have been closed owing to lack of fuel. Workmen are much excited and disorders are anticipated.

RIFLES SEIZED.  
Helsinki, Finland, Sept. 12.—The customs authorities to day seized 8,000 rifles in the possession of people in the neighborhood of Jakobstad, which were believed to be from the unlicensed steamer sunk by her crew Sunday. Further details of Sunday's affair show that when the customs officers boarded the steamer they were received by twenty of the crew, armed with revolvers. The chief customs officer was permitted to visit the cabin, where, after negotiations lasting an hour, he was told that he and his fellow officers should either leave the ship or be killed on the spot.

KNOW THE SITUATION.  
London, Sept. 12.—The Standard's correspondent telegraphs from Shanghai: "While the peace conference was sitting at Portsmouth the emperor of Japan sent Field Marshal Yamagata and General Murata to inspect the positions at the front and report on the chances of crushing the Russian army. Yamagata spent twelve days with Oyama and ultimately reported unfavorably on the chances of a signal victory. It is suggested that this may have influenced the emperor in agreeing to the Portsmouth treaty."

The Tokio correspondent of the Times says the casualties resulting from the loss of the battleship Mikasa are 6 killed, 351 missing and 343 wounded.

A RATE BILL

Congress to be Asked to Enact a More Specific Measure of This Kind.

Milwaukee, Sept. 12.—The Bach-Townsend railroad rate bill will be introduced at the next session of congress practically in the same form in which it passed the house at the last session. This was determined upon at a conference to day between Congressmen Townsend of Jackson, Mich., and Bach of LaCrosse, who fathered the bill. Townsend said what ever changes are made will be with a view of making the bill more specific. The first bill provided the commission should have power to regulate rates and practices. Townsend thought and still thinks, this provision covered private cars. But to make it stronger the private cars will be specifically mentioned in the new bill.

THE OBJECT of the bill, says Townsend, is to give the power not only to set rates but to regulate the competition with the railroads. He was always intended to have a rate of power not only to set rates but to regulate the competition with the railroads. He was always intended to have a rate of power not only to set rates but to regulate the competition with the railroads.

THE EIGHT HOUR MOVE.  
Indianapolis, Sept. 12.—President Lynch of the International Typographical union, stated to night that eight hour agreements had been made in twenty-two cities. These include Ottawa, Jacksonville and Harris, Ill.; Ottumwa, Marshalltown and Oelwein, Iowa; Traverse City and Houghton, Mich. Among cities in which strikes are still on are Peoria, Aurora, Bloomington and Chicago, Ill.; Grand Rapids, Mich.; Sioux Falls, S. D.

SANITARY BOARDS MEET.  
Guthrie, Okla., Sept. 12.—The annual meeting of the Interstate Association of Livestock Sanitary boards began here to day. Papers and addresses were delivered by L. C. Tiffany, assistant state veterinarian of Illinois, and others. President W. P. Smith, of Illinois, presided.

NEW GOVERNMENT.  
Winnipeg, Man., Sept. 12.—The first government of Saskatchewan was organized to day with Walter Scott as premier and minister of public works.

## BOND AND LOAN TRANSACTIONS

METHODS OF INSURANCE COMPANIES.

Disclosures by the New York Special Committee—Treasurer of One Big Company on the Witness Stand.

New York, Sept. 12.—The examination of Edmund D. Randolph, treasurer of the New York Life Insurance company, was resumed to day when the session of the special legislative committee opened to day. The removal of preferred stock of the Chicago, Milwaukee & St. Paul railroad from the assets of the company to satisfy the Prussian government was again taken up.

The transaction of the navigation syndicate was gone into and it was disclosed that the New York Life paid J. P. Morgan \$4,000,000 on account of the navigation syndicate. Two items in this transaction showed that on Dec. 31, 1903, \$300,000 of bonds were sold to J. P. Morgan & Co. and bought back the next business day. After considerable questioning Treasurer Randolph said the bonds were sold not that in the report to the state superintendent of insurance the New York Life could show its holdings of bonds were not over \$3,300,000.

Selling \$500,000 in bonds one day and buying them back the next, but one holiday intervening, in order to keep within statements made in the New York Life's report to the superintendent of insurance, was the sensational disclosure made to day. The fact was drawn from Randolph after Attorney Hughes had labored for over an hour to get a direct answer from Randolph to a direct question. The inquiry had dragged through a mass of figures during almost the entire day, but it was not until near the hour for ending the session that the sensational feature was brought out. Earlier in the day Randolph had handed Hughes a schedule of syndicate underwritings and transactions of the New York Life for the last two years. This statement was to show, and a foot note to the schedule so stated, that the company had participated in no syndicate transactions that had been closed out with loss. Among these syndicate transactions was underwriting of the International Mercantile Marine. Hughes drew from the witness there was some \$4,000,000 the New York Life paid Morgan & Co. on this "joint account." Hughes then took up a sales item dated Dec. 31, 1903, in International Mercantile Marine stock.

Randolph replying to Hughes, said that the sale was made to J. P. Morgan & Co. Mr. Hughes continued his inquiry into the matter and after a long and persistent questioning brought out the admission from Randolph that the sole purpose of the transaction was that the company might be able to tell the superintendent of insurance it held only \$720,000 International Marine shares.

Following this Hughes referred to an item on the schedule of syndicate transactions under date of Dec. 30, 1904, by which \$800,000 bonds were sold to J. P. Morgan & Co., London, for \$720,000. Randolph admitted this was an outright sale and the loss of \$80,000 was charged to the profits and loss account.

Various other transactions were taken up and the committee adjourned until to-morrow, when Randolph's examination will be resumed.

## NO "LID" IN CHICAGO

Mayor Dunne Refuses to Enforce the Sunday Saloon Closing Law.

Chicago, Sept. 12.—Mayor Dunne yesterday said he would not attempt to enforce the Sunday saloon closing law. He said it was "up to" the state's attorney Healey. The ministerial committee which failed to impress the mayor with the justice of its cause accordingly will appear before Mr. Healey, and possibly before the September grand jury, which is now in session.

Mr. Healey said he would consider the matter. He wasn't enthusiastic. He grand jury was so busy that it could not have heard the ministers, even if they had gone to the criminal court building. It heard the first of 690 docket cases, including three murders and evidence on several burglaries and robberies.

DOCTORS COULD NOT HELP HER.

"I had kidney trouble for years," writes Mrs. Raymond Corner, of St. Louis, Mo., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." Sold by J. A. Obermeyer, City Drug Store.

## NOT CONFIRMED.

Rumored Assassination of Baron Komura's Family Not Credited.

Rome, Sept. 12.—The Tribuna published a rumor from Tientsin to the effect that the family of Baron Komura, Japanese peace plenipotentiary now in New York, had been assassinated.

It view of the fact recent detailed dispatches describing disturbances in Tokio have apparently been uncorroborated it is not believed the above rumor is well founded.

New York, Sept. 12.—Baron Komura was somewhat improved to day. Members of his suite considered the report from Rome that his family was assassinated to be entirely unfounded. No dispatches have been received by the Japanese which could furnish any ground for believing the reported misfortune.

Dr. Francis Delfield has been called from his summer home in Hot Springs, Va., to treat Komura. This city's color to the report that the envoy's condition is not as favorable as had been announced this evening.

FAILED TO GET SALARIES.  
Washington, Sept. 12.—Owing to doubts cast upon the legality of the president's appointment of Oscar J. Ricketts as acting public printer, the "ghost" failed to walk at the big printers' yesterday afternoon. Officials of the treasury department wanted to have some authoritative opinion as to Ricketts' right to draw the funds for the payment of employees. It seems that the law provides for the designation of an acting public printer in even of the resignation or death of the public printer. There is no provision covering the dismissal of that official as was the case with Public Printer Palmer. According Acting Attorney General Hoyt was appealed to. He decided that the president's course was entirely proper and that the failure of that law to provide for the present contingency was not a bar to the appointment of an acting printer. His opinion, however, did not reach the treasury department in time to issue the necessary warrant yesterday. The money, \$50,000, was sent to the government printing office this morning.

## BLAMED FOR WRECK

Carelessness of Kelly Declared to be the Cause of the Elevated Wreck Monday

New York, Sept. 12.—Ten victims of the elevated railroad disaster remain in Roosevelt hospital, and of these four are likely to die. Little hope is entertained by the hospital surgeons for the recovery of William Eagle, Eliza Miner and William Neuharth. Policeman Harry Atkins has a fighting chance, but his age is against him.

The police and every private detective in the employ of the interborough company searched throughout yesterday and last night for missing Motorman Paul Kelley, without finding a trace of his movements. The police and the railroad officials are agreed that Kelley's carelessness was responsible for the accident. That Kelley was a strike breaker has been established. He was originally a New Yorker, but went to St. Louis, probably with one of Strike Breaker Farley's crew, five years ago, during the prolonged strike of the St. Louis Traction company's motormen. He worked there until last winter, when he returned here with one of Farley's gangs at the breaking out of the local "I. L." strike. He had a record in St. Louis for five years steady work, and no complaint was ever lodged against him here.

After the crash yesterday he went to the house in which he boarded, remained a short time, and then went away. Since that time nothing has been seen of him. The belief prevails that Kelley has gone west.

OPPOSE PEACE TREATY.  
Yokohama, Sept. 12.—Seven thousand persons attended a meeting to day called for the purpose of protesting against the peace treaty. The meeting adopted a resolution favoring the resignation of the ministers and the safeguarding of the future by a more careful use of the ballot.

PREMIER RESIGNS.  
Vienna, Sept. 12.—Premier Fejervary, after interviews with the king-emperor, resigned. It is understood that his resignation will be accepted and that his majesty will within the next few days receive Francis Kossuth and other members of the unyielding opposition in the Hungarian parliament with a view of endeavoring to arrange a compromise. It is understood the reason the premier resigned was that the king-emperor refused to consent to the scheme for granting universal suffrage to Hungarians.

REPORT OF SKIRMISH.  
Tokio, Sept. 12.—Reports from Japanese headquarters say in the direction of HsingChing General Madrikoff with three regiments opened an attack on Sushan Monday, but was repulsed by Japanese. Madrikoff's force is said to have principally consisted of bandits.

## PREPARING FOR A STRIKE

IT'S UP TO FREIGHT HANDLERS OF CHICAGO

Their Demand for Increased Pay and Arbitration Denied by the Railroad Managers—A Serious Situation

Chicago, Sept. 12.—Demands of the Freight Handlers' union for an increase of 16 per cent in wages for arbitration of their demands and demand for conference were refused to day. General managers of twenty-two railroads centering in Chicago notified President Planetary of the union that negotiations were ended. News of refusal to grant increased wages, arbitrate their disputes and the declaration to hold a conference was received angrily by the men. They immediately arranged to call a series of mass meetings to consider the action of the roads. At their meeting the railroad officials pledged themselves not to deal individually with any committee of freight handlers. It developed after the meeting that general freight agents and general managers had communicated with freight handlers as individual employees and informed each that the railroads were paying highest wages it was possible to pay. Notwithstanding the feeling of confidence there is said to have resulted after individual interviews with employees that there will be no strike, railroads are going ahead with preparations for one. Cars are being hauled to freight houses and hundreds of men have been tentatively hired to take place of union men should they vote to strike.

Chief Police Collins has promised to furnish freight houses with police protection. It is stated late to night that both sides will make every effort to avoid a strike. The railroads to day for the first time since the beginning of the controversy, recognized the International Union of Freight Handlers by mailing to the union their "regret" that they were unable to meet the demand for increased wages, but expressing a willingness to meet the employees and discuss matters. The executive board of the freight handlers will to-morrow seek to arrange a conference with the railroads, individually or collectively.

## Down In Louisiana

when the yellow fever broke out the first thing the authorities turned their attention to was the water—they even went so far as to kill the mosquitoes and other insects which breed about the water in order to prevent the spread of the disease through them.

Typhoid fever, malaria and, in many cases, bowel trouble is caused by drinking bad water. Now ice is put on the water—and bad water makes bad ice. The freezing only changes the form—not the condition.

Spring water is the purest water that flows—naturally it makes the purest ice. Our ice is taken from a spring-fed lake—thus we can assure our customers that it is PURE ice.

In face of these facts, don't you believe you had better call up Illinois 10 and 15 or Bell 616 when you want ice? We do.

## CONDITION OF CROPS

**Corn Maturing Rapidly—Reports Favorable in All Parts of State—Weather Conditions Are Good.**

The Illinois weather bureau crop and climate bulletin for the week ending Monday says that during the last seven days the weather was not favorable, but corn continued to gain and much of it is nearly out of danger. General crop conditions are reported good. The bulletin says:

Reports from the central district are as follows:

Cloudy weather with mean temperature below the seasonal average prevailed during the week. The temperature deficiency averaged about 5 degrees. Light showers occurred on several days, except the 10th when heavy rainfall was registered in the central district, and the storm is believed to have reached the other districts. While progress was made in full plowing, the work has been retarded in some localities on account of lack of moisture. A small acreage has been seeded. Threshing continues in the northern district with satisfactory results.

Corn is rapidly maturing in the report of a large number of correspondents, notwithstanding the seemingly unfavorable weather conditions. A small portion of the crop is ripe and cutting has begun in all sections. The crop is represented as being well developed and cared. In the southern district some early planted has been marketed. Many fields while not fully matured, are practically safe from frost.

Broom corn harvest now extends to the northern district, a heavy yield of good quality being gathered. Buckwheat continues promising. The harvesting of cowpeas is in progress. Pastures are mostly affording good forage.

Apples and peaches are yielding poor returns. Grapes of an excellent quality are plentiful.

The potato outlook is not generally favorable. In the northern district much complaint is made of rotting. Sweet potatoes are yielding well.

Cass—Weather cool first part of week; latter part warmer; corn maturing finely; bulk will be safe by 15th; ground in good condition for plowing, some being prepared for wheat; some peaches; enough apples for home consumption; grapes ripening.

Jersey—Wet weather during week; corn not yet safe from frost—still growing; pastures fine; soil too wet to plow.

Green—Good showers during the week; pastures making fine growth; stock doing well; plowing for wheat finished; acreage smaller than last year; some corn being cut; apples small crop; potatoes very poor; cabbage and tomatoes plentiful.

Morgan—The damp weather is injuring the corn; much has been blown down and is ruined; pastures growing well; apples dropping badly; potato crop light.

## BUSINESS COLLEGE NOTES.

The new school year began last week with a fine beginning class and several of last year's students.

Professor Moore of the high school addressed the students in commercial hall Monday. His encouraging words were much appreciated.

President G. W. Brown is spending a few days in the city. He addressed the bookkeeping class Monday. He reports excellent openings at all the schools.

Miss Viola Raedner has again taken up her duties as secretary to the principal.

Miss Edith Weimer, '05, has been appointed as stenographer and secretary at the Illinois Central hospital.

## USED FOR PNEUMONIA.

Dr. J. C. Bishop, of Agnew, Mich., says, "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." Refuse substitutes. For sale by J. A. Obermeyer, City Drug Store.

## JUSTICE COURTS.

Floyd and David Moore and Russell Mansfield were before Squire Reid Tuesday afternoon, charged with malicious mischief, the complainant being Michael Foley. After hearing the evidence the justice dismissed the case. Robert Tilton appeared for the defendants.

## IN MEMORIAM

In honor of the memory of Col. Edmund C. Kreider, a charter member of the Merchants' association of the city of Jacksonville, the following memorial is drawn by a special committee appointed by the president, C. L. Bartlett:

Resolved, That in the death of Col. E. C. Kreider the city of Jacksonville has lost an upright, public-spirited, useful citizen; the government a capable, efficient and satisfactory officer, and the Retail Merchants' association a member whose place it will be difficult to fill.

In all his business relations he was the soul of honor and integrity. The welfare of the city was his constant desire and he did not stop at words, but was always ready with voice, labor and money to do all in his power to advance the interests of the place in which he lived.

Rightly feeling that the prosperity of Jacksonville depended in large measure on the success of her business men, he was eager at all times to forward the interests of all members of the Retail Merchants' association. To the younger members of this association he was tender and fatherly in his counsels; to the older, he was brotherly in his conduct, and to the seniors he was respectful, ready to learn from any source and to impart the benefit of his valuable experience in public affairs. His aid and sympathy were always at the command of the worthy who needed his good offices.

To the bereaved family we tender our sincere sympathy in their great loss of a husband and father whose tender love and devotion knew no bounds.

Resolved, That a copy of these resolutions be spread on the records of the Retail Merchants' association, a copy sent to the family, and also that they be published in the press of the city.

J. W. Harrigan,  
Geo. W. Harney,  
Frank Byrns,  
Committee.

## IN THE MATTER OF PAVEMENT IN SOUTH CLAY AVENUE.

Special Taxation Notice.

(Warrant No. 101.)

Public notice is hereby given that the county court of Morgan county has rendered judgment for a special tax on property benefited by the following improvement: A brick street pavement in South Clay avenue in the city of Jacksonville, running from the south line of East State street to the north line of Morton avenue, in the city of Jacksonville, as will more fully appear from the certified copy of the judgment in the office of the undersigned.

That the warrant for the collection of such special tax is now in the hands of the undersigned, and that said special tax is divided into ten (10) installments; the amount of the first installment is \$2,759.84, and each deferred installment is \$2,201.00; the first installment is due and payable to the undersigned on or before January 2, 1906, and the second installment is due and payable on January 2, 1907, and so on annually, on the 2nd day of January of each year, until all the installments have been fully paid. All installments bear interest at the rate of 5 per cent per annum, payable annually on the 2nd day of January each year and beginning to draw interest from the date of completion and acceptance of the work. All persons interested are notified to call and pay the amount assessed at the collector's office in the Ayers National bank building in the city of Jacksonville, Illinois, as above stated.

Dated this 12th day of September, A. D. 1905.

W. M. Morrissey,  
City Attorney.

And ex-Officio Special Collector.

## NOTICE

To South Clay Avenue Property Owners.

Property owners on South Clay avenue, whose property has been recently specially taxed for the construction of a pavement in said street may avoid the payment of interest on all installments by paying the amount of their assessment at the office of the undersigned on or before Wednesday, the 20th inst.

W. M. Morrissey,  
City Attorney.

And ex-Officio Special Collector.

## FRANKLIN RACES

**ACCIDENT TO GEORGE ALDERSON—BOTH BONES OF LEG FRACTURED**

Attendance Was Large and Fine  
Card of Events—Splendid  
Showing of John R. Tanner  
Get.

The races of the Franklin Driving club, Tuesday were a grand success, fully 2,000 people being in attendance. The events began at 9 o'clock in the morning and continued through the day. The races were hotly contested, and the program was carried out in good order.

The pleasures of the day were marred by an accident to George Alderson, driving Tom Thumb, owned by J. P. Roberts, in the show of Tanner horses. As the horse was making the upper turn at a fast clip he suddenly stumbled and turned a complete somersault, throwing the driver to the ground and fracturing both bones of his left leg. The horse was pacing with the hobbles on and it is supposed that he must have stumbled in some loose dirt on the track, the terrific rate at which he was pacing throwing him completely over. He was pacing west and when he came out of the melee his head was turned in the opposite direction. Dr. Manley was called to attend Alderson and found the fractures to be complete, though both are simple, and no lasting ill effects are anticipated.

A special feature of the races was the show of the get of John R. Tanner. There were about fifteen animals of the Tanner stock on the grounds in response to the offer of George Woods of \$5 in gold for every Tanner horse that could show a speed of 2:50 or better, and all but two were in the money. The horses were divided into two classes, six of the best in the first and the remainder in the second. It was while showing Tom Thumb in the first class that Alderson was injured.

The card and the winners were as follows:

Green pace—Won by Billy Vanderbilt (George Woods) in straight heats; Dan Tanner (J. T. Woods), second; and Billy Tanner (Green, of Pisgah), third.

Pony race—Won by Myth (F. H. Watts, Modesto); second, Charlie Davenport (Alfred Davenport); third, Jillie Maude (Bergschneider, New Berlin).

3:00 trot—Won by Florence (Geo. Woods); second, Gray Kate (J. B. Wright); third, Victoria (Dick Sande); New Berlin.

3:00 pace—Won by Femus (Fletcher, Waverly); second, Big Billy (Alderson and Votsmeier); third, Tonie (Black, Springfield).

2:40 pace—Won by McKimley (Newt Woods); second, Moxy (Robt. Woods).

Running race—Won by Silky (Milstead, Tallula); second, Nickelay Sandige, New Berlin.

A special race between John R. Tanner, owned by George Woods, and Ax, owned by John Black, of Springfield, was won by the former in two straight heats.

## INTERMENT IN SPRINGFIELD.

## NIP IT IN THE BUD.

First Appearance of Dandruff a Fore-runner of Future Baldness.

That such is the case has been conclusively proven by scientific research. That is, the dandruff is the forerunner of baldness, and the hair becomes lifeless and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## Y. M. C. A. NOTES.

Mr. Charles M. Eames of Princeton university, is the speaker for the men at the 4 o'clock meeting next Sunday afternoon. Mr. Eames is a graduate of Illinois college and a sophomore at Princeton. Being a young man his address will be of special interest to young men. The male quartette is expected to be present and to render some fine music.

Junior hours are from this time from 4 to 6 in the afternoon and from 9 to 12 on Saturday. No junior will be allowed in the building at other hours unless he is a working boy.

Mr. A. M. Bruner, state secretary of the city and railroad department, will be here Friday of this week and will meet the board Friday evening. His visit is a very important one since the plans for the winter's work will be discussed and a policy adopted.

For the boy or young man who has not the opportunity to attend school or college, but must spend his days at the bench or in the office, the association has something very helpful. Three evenings each week a night school will be conducted at the building which will offer the best instruction in reading, arithmetic, spelling, bookkeeping, penmanship, commercial law, and business correspondence. No young man who has a desire to better himself can afford to neglect this offer. The school will be open to all young men whether members of the Y. M. C. A. or not. Oct. 2 is the date of opening.

**HIGH SCHOOL NOTES.**

An enthusiastic meeting of the High School Athletic association was held Tuesday in the high school auditorium for the purpose of electing officers for the ensuing year. Robert Wait was chosen president and Carl Weber secretary and treasurer. About thirty boys joined the football squad and Roy Hellenbach was chosen captain. The football season will open with a game with Springfield about the 30th. With a large balance in the treasury, plenty of enthusiasm and good material to pick from, the outlook this season is unusually bright. The first regular practice game will be held at Duncan park this afternoon and a good turnout is expected.

From all reports Mr. Martin has  
greatly improved the play this sea-  
son and it will live forever under his  
management. The piece he has re-  
written; the scenery is all new; the  
electrical effects are the grandest  
ever seen in this play. The company  
is composed of fifty all white people.  
No street parade is given to tire out  
the people so they can't give a good  
performance.

**MEN PAST SIXTY IN DANGER.**  
More than half of mankind over  
sixty years of age suffer from kidney  
and bladder disorders, usually ar-  
rangement of prostate glands. This  
is both painful and dangerous, and  
Foley's Kidney Cure should be taken  
at the first sign of danger, as it cor-  
rects irregularities and has cured  
many old men of this disease. "Mr.  
Rodney Burnett, Rock Port, Mo.,  
writes: 'I suffered with enlarged  
prostate gland and kidney trouble  
for years and after taking two bottles  
of Foley's Kidney Cure I feel better  
than I have for twenty years, al-

### For Trade.

We have 104 acres of fine land to trade for a good home in Jacksonville, or for good income property. This place has fine improvements and would make a fine home for a newly married couple who want to begin right.

Fine 100 acre tract, good improvements. Fine farming and cattle farm; has over sixty bushels of corn to the acre this year. A fine hay or wheat farm. This farm is well worth what they are asking for it. Well watered. Will take a good residence in part trade for the place, or some good income property.

### For Sale.

320 acres of finely improved land near a fine market. \$50 per acre.  
410 acres, two sets of improvements, a fine cattle and grain farm combined; price, \$35.00.  
350 acres of rolling cattle lands. Improved; \$40.00.

We want to write some insurance for you. We don't want it all from the other agents. We just want a little of it and we want you to remember us. Come and see what we will do for you.

THE JOURNAL COMPANY.

The insurance commissioners of several middle states met in Chicago last week and decided to make examination of some of the big eastern insurance companies. This is a wise move. There is widespread suspicion directed toward all these companies. It should be cleared up. The only way is to have a thorough examination.

In the eleven months ending May, 1905, the Mexican people imported from this country half a million dollars' worth of sewing machines and one-quarter of a million dollars' worth of typewriters. The sewing machine penetrates to parts of the republic so hard to reach that the cost of the conveyance from the capital exceeds the import price of the article.

A St. Louis colored man has invented an automobile that promises to fulfill the dream of the rural mail carrier. The first machine was sold at a price of \$250, and it is claimed that they can soon be placed on the market at a price of \$150 or less. It is claimed that this wonderful machine will be able to maintain a speed of thirty-five miles an hour for four days without stopping.

The close of the current fiscal year chronicled an inflow of 1,027,000 immigrants to the United States. The movement marks a new world's record for people seeking to establish new homes in a foreign country. The largest previous immigration to this country occurred in 1903, when 857,046 immigrants landed on our shores. The high monthly average of 85,583 foreigners added to our population is something unprecedented in the history of the nation.

TUESDAY CLUB.

The Tuesday club held the first meeting of the year Tuesday afternoon at the home of Mrs. A. C. Baldwin on South Main street. Following the greeting by the president, Miss Knollenberg, a short business meeting was held. The roll call proved most interesting as each member responded with some note regarding their vacation. During the social hour light refreshments were served.

The club this year has planned a most instructive study of the city of Boston, which historic place furnishes many interesting topics for consideration.

PLEASANT SURPRISE.

A very pleasant surprise was given Monday evening in honor of H. Bader, who lives near Buckhorn, the occasion being his seventy-fifth birthday. The evening was spent in a social way, after which excellent refreshments were served.

Those present were: Misses Marie German, Anna German, Catherine Bader and Mary Bader; Messrs. Ernest German, Fred German, Harry Tarzwell, M. Carigan, Charles Bader; Mr. and Mrs. George Bader; Mr. and Mrs. John German, Jr. and Mr. and Mrs. Jeremiah Flynn.

Mr. Francis E. Woodmansee, of the faculty of the Illinois Conservatory of Music, arrived in the city Tuesday from the west. Mr. Woodmansee has spent the summer months in Salt Lake City and Denver.

## RAILROAD NEWS NOTES

C. A. Statham brakeman on C.

P. & St. L. Killed at Havana—

Rebuilding Many Cars at

Shops—Items of Interest and

Personal Mention.

C. A. Statham, a brakeman on the

C. P. & St. L. local freight No. 22,

was run over and instantly killed by

his train at Havana Monday evening

about 5 o'clock. The train was

in charge of Conductor Jackson. It

is not known just how the accident

happened, but it is thought that in

attempting to climb from a coal car

to the top of a box car he lost his

footing and fell beneath the wheels.

His body was so mangled that it was

unrecognizable, being scattered along

the track for several yards. The de-

ceased was a young man and this was

his first run with Conductor Jack-

son. The remains, accompanied by

his father, were brought to this city

Tuesday morning over the C. P. &

St. L. and were taken to his home

in Pearl via the C. & A. Tuesday af-

ternoon.

—(c)—

William Madison, of Springfield,

representing a general equipment

company, was at the shops Tuesday

making arrangements to begin work

at once on several hundred cars that

will be used for commercial pur-

poses. These cars will be practically

new. They will be supplied with

trucks that come from cars where

the bodies have become useless.

These cars are often sent to such

places as Cuba, South America and

Japan, where new lines are being

constructed. In addition to the men

that Mr. Madison has already employ-

ed it will be necessary to employ a

larger force so as to complete the

work before spring.

Section Foreman Thomas Flynn, of

the Alton is enjoying a few days' va-

cation.

Charles Rafferty and L. W. Engler

attended the funeral of the late Al-

ton conductor, Arnold, who shot him-

self in St. Louis Sunday. Funeral

was held in Roodhouse Tuesday.

engineer of the Burlington, passed

SHIP NOTES.

Thomas White, of the machine

shop, is laying off on account of ill-

ness.

William Bethard has taken a position

in the paint shop.

Joseph Rosenthrater, of the paint

department, is no longer employed

at the shops.

T. C. Michaels, car inspector, will

go to Virginia to day on company

business.

Thomas Henton and William Tay-

lor, of the machine shop, are laying

off on account of sickness.

—(c)—

A semi official announcement was made

at Christopher Monday that the Burling-

ton is soon to begin the extension of the

southern Illinois line. The extension be-

tween Centralia and Herrin is to be ready

for traffic by December 1. The Burlington

contemplates construction of a line from

Valler, north of Christopher, direct to

St. Louis. The survey from Valler ex-

tends in a northwesterly direction

through the counties of Franklin, Perry,

Washington and St. Clair. The road will

connect at Belleville with the St. Louis

& O'Fallon railway, which is to be extended

to that point. Within the last few

days options have been taken on 20,000

acres of coal rights, known as the Big

Muddy and Carterville veins, lying east

and northeast of Duquoin. It is under-

stood that the above mentioned roads

have this coal area under option.

—(c)—

The Alton absorbed the Peoria & Pekin

Terminal line Tuesday, when the formal

transfer was made. The Peoria owners

of Terminal stock sent in their holdings

ten days ago, preparatory to the change

which had been decided on. As to the

immediate future of the Terminal prop-

erty, nothing has been announced, and

whether the employees of the road will

be retained is not known even to them.

Monday a man holding a prominent position

with the road said he did not know

what would be done, or whether he would

hold his job or not. It is likely, how-

ever, that the local organization will be

done away with and the property man-

aged from Bloomington and Chicago, as

with the other branches. The question

which now arises and which has yet been

unanswered is whether the Alton will

continue to operate the electric cars be-

tween Peoria and vicinity, or whether

they will sub-let this part of the property

to another company. Officials of neither

company will talk on this subject, but it

is the opinion of many railroad men that

the Alton will not care to be burdened

with the electric end of the company and

that they will lease these privileges to

an independent concern.

**Attorney General Retrates Opinion Regarding Remarriage of Divorcees Under New Law—Kept Wedding a Secret—Havana Saloonkeeper Killed**

**DIVORCEES CANNOT MARRY.**

Springfield—Per contra to the decision rendered by Judge Mack at Chicago that the new law prohibiting divorcees from remarrying within a year after the decree of divorce has been signed, which is to the effect that the law is not retroactive and does not apply to persons divorced before July 1, when the law became operative, Attorney General Stead also gives out an opinion that it also forbids the marriage of persons divorced before July 1, as well as after that date. The attorney general says:

"The words of the act are broad and comprehensive. It will be noted that the legislature has said that the act shall apply, not to every case in which a divorce shall hereafter be granted, but to 'every case in which a divorce HAS been granted,' thus comprehending, by express words, all cases, as well as those before as after the act went into effect. There is no saving clause, no exception of divorcees granted before July 1, 1905."

**SALOONKEEPER IS KILLED.**

Havana—James Allen, a saloonkeeper, died Monday as the result of wounds inflicted by John Camp at Bath, Schuylar, Sept. 2. Allen attacked Camp's wife and Camp used a knife while Allen shot Camp in the right arm with a 22 calibre revolver. Camp's injuries were not serious.

Allen was a member of the order of Eagles in this city and the local order went to Bath in a body Tuesday to attend the funeral services.

**DECATUR BOY DROWNED.**

Decatur—A little boy named Willie Goodwin was drowned at the dam in the Sangamon river Monday. The boy went swimming with some companions. At the river an old man met them and asked, "Are you going to get drowned?" Newcomer jokingly said that was what they were going to do, and a few minutes later he disappeared below the water. It was several hours before it was learned just who had been drowned. The body was recovered.

**SUICIDE AT PEORIA.**

Peoria—Theodore Melchior, a carpenter, bought eight ounces of carbolic acid Monday and drank the entire contents of the bottle because "love powders" he had been taking failed to work and his advances to several young women had been spurned. His body was found in a box car.

**KEPT WEDDING A SECRET.**

Mattoon—As Miss Stella Jackson was about to depart for Neoga to visit relatives she informed her sister, Miss Tessie Jackson, that a year ago she was married in St. Louis to E. M. Davidson, who is employed there. The couple kept their marriage a secret until its announcement by the bride.

**PEKIN MAN IN TROUBLE.**

Pekin—Sheriff Clay has returned from Iowa, having in charge Foelke Rankin, who jumped his bond for \$100 on a charge of wife abandonment, after having given an attorney a mortgage for \$100 on some stock he did not own.

**OLD RESIDENT DEAD.**

Virden—Mrs. Julia T. Goodrich, probably the oldest resident of Macoupin county, died at the home of her daughter in Taylorville Monday at the age of 82. She leaves thirty-six grandchildren, thirty-seven great grandchildren and one great great grandchild.

**GIRL SUICIDES.**

Litchfield—Miss Lela Shoerer, the 18-year-old daughter of ex-City Marshal George A. Shoerer, attempted suicide at her home in this city Monday evening by shooting herself just below the heart. She is still alive. No reason is assigned for the deed.

## INTERURBAN ROAD

**BETWEEN THIS CITY AND SPRINGFIELD NOW ASSURED—INCORPORATION COMPLETED**

**Survey May Be Run This Fall—Line to Be Pushed Through Next Spring—Entrance to Corporate Limits Not Determined Upon—Several Ways of Access Under Consideration.**

The McKinley syndicate Tuesday took the first steps toward the building of a line from this city to Jacksonville. The Illinois Western Railroad company was incorporated. The incorporators are all officials of the McKinley syndicate. They are: B. E. Bramble, auditor; George M. Mattis, secretary; J. D. White, district traffic agent, and S. A. Power and Charles Zilly, all of Champaign.

The line will be built over the same route considered by the company last spring. From Springfield it will run through Sangamon and Morgan counties to Jacksonville.

The company some time ago bought the plant and street railway of the Jacksonville Street Railway company, and at that time it was announced that a road would be built from here to Jacksonville. Later, however, the project was dropped in order to take up the construction of the line from Clinton to Bloomington. The work will now be pushed through rapidly.

The big power house at Riverton will probably be used for the purpose of furnishing power to this new system as well as to the long stretch of track south from Springfield. The capital stock of the new branch is \$5,000.—Springfield News.

Mr. W. E. Veitch, one of the officers of the Jacksonville Street Railway and Light company, now a part of the McKinley syndicate, was interviewed Tuesday evening regarding the above and stated that the facts were substantially correct. The preliminaries in the construction of the road will not be taken for some weeks yet, and it is more than likely that the actual work of construction will not begin before the spring of 1907. The preliminary survey may be run this fall and the orders for supplies and equipment placed for midwinter or early spring delivery.

The matter of entrance to this city will have careful consideration. While it is generally believed that the interurban will connect with the East State street extension of the local line, other entrances to the corporate limits of the city may be decided upon.

The survey may be run to connect with the Nichols park extension, and again entrance may be made north of the Wabash tracks and the center of the city approached via North Main street.

When the local line was purchased by the McKinley interests it was the intention of making Jacksonville a radial point for more than one interurban line, and the entrance of the line from Springfield will be governed somewhat by what further plans the company may have in contemplation.

It was the purpose of the local company to improve their local car barns on East State street this fall, but this work will not be attempted until spring. The improvements contemplated will be the extension of the barns on the south to the edge of the sidewalk, and also an extension on the north. A new roof is also among the improvements planned. The roof will be of a construction different from anything now known in this locality, and is called a steel truss concrete roof. It is absolutely fireproof and the company has recently put such a roof over their barns at Danville. The local barns will be otherwise enlarged in a substantial manner, so as to care for the additional cars that will be necessary when the interurban service starts.

## TAKEN TO SPRINGFIELD

John Wellington, Alias Metz, Now in Charge of Federal Authorities—May Go Before Grand Jury in Quincy.

United States Deputy Marshal David S. Griffith, of Springfield, arrived in the city from Quincy on the 1:20 Wabash train Tuesday morning and was joined here by Mr. Gorman of the United States secret service of Chicago, and together with James Trahey they left on the 3:15 p. m. train for Springfield, having in custody John Wellington, alias John Metz, who was arrested in this city Monday by Patrolman Trahey and locked up on the charge of counterfeiting. The molds, counterfeit coins, metal and other evidences of his guilt were taken also, and the necessary witnesses to prove his identity will be called for at the proper time.

It was the supposition that Wellington, or Metz, as he insists his name is, will waive examination, and if such is the case he will be taken at once to Quincy, where his case will be taken before the federal grand jury now in session there.

Wellington to the last denied his identity, in the face of seemingly positive identification. The outcome of the case will be awaited with interest.

## DEATH RECORD

**SMITH.**  
Miss Eliza Smith died at Passavant hospital Tuesday afternoon at 4:30 o'clock, at the age of 47 years. She was the daughter of John Smith of Pittsfield and had hosts of friends in this city and vicinity who will sincerely mourn her loss.

The deceased is survived by two brothers: William Smith, of Pleasant Hill, and John Smith, of Nebraska; and three sisters, Mrs. Hyde, of Pittsfield; Mrs. Amos Straight, of this city; and Mrs. Ellis, of Quincy.

The funeral will be held at the residence of Mrs. Straight, 552 Harbin avenue, Thursday afternoon at 2 o'clock, and interment will be in Diamond Grove cemetery.

## CONDIT.

David D. Condit died at Passavant hospital Tuesday morning at 6:45 o'clock of paralysis, with complications, at the age of 72 years.

The deceased was born in Wheeling, W. Va., but had lived in this city about twenty-four years. For fifteen years of this time he was employed at the Fitzsimmons-Kreider mill as engineer. He had been ill about six weeks.

Mr. Condit is survived by two daughters, Mrs. Lysurgus Goheen of this city and Mrs. Parker Wallace of Ottawa, and one son, Robert Condit.

Funeral arrangements have not been made.

## POSTLEY.

Joseph Theodore Postley died at the home of his parents, 527 North Sandy street, Tuesday morning at 11:10 o'clock, at the age of 6 months. The funeral will be held at the family residence this afternoon at 3 o'clock.

## MAYS.

Miss Maude Mays, aged 16 years, daughter of Jacob Mays, of Buckhorn, died Tuesday.

The funeral will take place this afternoon at 3 o'clock and interment will be at Arcadia.

## WILL ATTEND SHOOT

Local Sportsmen Will Attend Floating Tournament of Iceberg Gun Club of Beardstown

Ed Scott, Charles Magill and J. A. Groves will go to Beardstown this morning to participate in the "floating tournament" of the Iceberg Gun club of that city. The tournament will take place on the barge Pearl propelled by the steamer City of Peoria, and will occupy two days. The first day will be occupied with the trip to Peoria, and the second day with the return trip. Dancing and other amusements will be indulged in enroute.

George Wolke will take the party from this city to Beardstown in an automobile, leaving here at 4 o'clock this morning. The steamer will leave Beardstown at 8 o'clock and the time figured upon is three hours for the trip and one hour to repair breaks. With this margin the party expects to arrive in Beardstown in time to have breakfast before the boat leaves.

This will be the fifth annual floating tournament of the Beardstown club. The shoot will be at 200 blue rocks for each participant, divided among twelve events. The first two will be 15-bird contests, the third a 20-bird event, the fourth and fifth, 15-bird events; sixth, a 20-bird event; seventh and eighth, 15-bird events; ninth, a 20-bird event; tenth and eleventh, 15-bird events, and the twelfth a 20-bird event. A very enjoyable trip and good shooting is anticipated.

## AT THE GRAND.

"Yon Yonson" was the attraction at the Grand Tuesday evening, when a small audience was present to witness the production. The part of the Swede taken by Earle K. Mitchell was well interpreted. The actor combined the faculty of making the character thoroughly Swedish and at the same time speaking his lines so that he was clearly understood by the audience. His stage presence was also good. His support was only fair, but the play as a whole gave satisfaction. The log scene was loudly applauded and the Lumbermen's quartet received the hearty applause their work deserved.
